- ➔ **You must fill out a new application for health insurance, even if you already applied in 2013 or 2014.**
- ➔ You can begin applying through **MAhealthconnector.org** as early as November 15, 2014.
- ➔ Apply, choose a plan, and pay your first premium bill by December 23 to avoid a gap in coverage.

We're here to help you

Frequently Asked Questions

I already applied last year. Do I need to apply again?

YES, everyone who needs health insurance in 2015 must fill out a new application—even if you already applied in 2013 or 2014. This is for two reasons:

- 1) problems with our website prevented us from being able to use applications that were submitted in the past for 2015 coverage; and
- 2) we need to make sure that we have the most up-to-date information about you and your family so that we can be sure you can get the right type of coverage with the most savings possible.

When should I apply for health insurance?

You should apply as soon as possible after open enrollment begins on **November 15**, so that you can be sure you get into new health insurance coverage for 2015.

Other dates to remember:

December 5. If you complete a new application by this date, you will have more time to shop for your new plan and pay your first premium (if you have one) before the December 23 enrollment deadline.

December 23 is the last date you have to enroll in a new plan that starts January 1. However, you should not wait until December 23 to start your application.

What happens if I don't enroll before December 23?

You will lose your health insurance coverage on December 31 and if you do not enroll before December 23, you risk a gap in coverage.

If you qualify for help paying for coverage, you will be able to come back at any time during the year to apply and enroll in a new plan going forward. However, you will still have a gap in your coverage.

If you don't qualify for help paying for coverage, you will have the rest of the open enrollment period, through February 15, 2015, to apply and enroll. Otherwise, you will need to experience a qualifying event in order to enroll at another time during the year. Learn more about qualifying events at MAhealthconnector.org.

How do I get help paying for coverage?

When you fill out your new application, you will be asked if you want to get help paying for your health insurance coverage. If you say yes, you will then need to answer some questions about your household size and income.

Qualifying for any of these programs is based on your income and the number of people in your household. You may also be able to qualify for MassHealth if you are disabled or have certain health conditions, even if you don't qualify based on income.

You may be able to get help through a ConnectorCare plan, a tax credit that lowers your monthly premium bill, or MassHealth.

- ➔ **ConnectorCare plans** are similar to the plans that were available through Commonwealth Care. ConnectorCare plans have low- or no-cost monthly premiums, no deductibles, and lower payments for out-of-pocket costs like co-pays.
- ➔ An **Advance Premium Tax Credit** is a tax credit that helps lower the amount you pay every month in your premium bill. If you qualify for a tax credit, you may be able to use some of the credit towards the cost of dental insurance as well.
- ➔ **MassHealth** is Massachusetts' Medicaid program. MassHealth provides health care benefits to certain low- and medium-income families, children, and individuals living in the state. If you qualify for MassHealth, you may get direct health care coverage or you may get help paying for your health insurance premiums.

You will find out if you qualify for any of these programs when you apply through MAhealthconnector.org.

How do I buy dental insurance?

If you enrolled in a dental plan in 2014, you will need to apply and shop for a new plan before your current plan ends. You can shop for a new dental and health insurance plan at the same time during open enrollment, or apply for a new dental plan separately later this year.

If you are **shopping for dental and health insurance at the same time**, you can apply and enroll for both plans online at MAhealthconnector.org.

If you are **shopping for a dental plan only**, you can apply for a plan online, then call Customer Service at 1-877 MA ENROLL (1-877-623-6765) or TTY 1-877-623-7773 to select a plan and complete your enrollment over the phone.
